

Richard Acquaye

Frontend Developer

Frontend Developer with a decade-long background in product design at companies including Sky and Vodafone. I take pride in building pixel-perfect interfaces where great UX meets clean, maintainable code. My design background gives me a sharp eye for the details that elevate a product.

PROFESSIONAL EXPERIENCE

Frontend Web Developer | TravelDesk (Part of MMGY Global)

JUL 2024 - DEC 2025, LONDON, UK

- Enhanced the internal production briefs using **Google Apps Script**, saving £3,000 annually by replacing third-party tools.
- Built interactive user-facing web experiences, including dynamically personalised and location-based banners, using **JavaScript (ES6+)**, **GSAP**, **HTML**, and **CSS**.
- Collaborated with designers and stakeholders to translate requirements into working front-end solutions.
- Developed maintainable, cross-browser components using **SASS**, refactoring, and writing clear documentation.

UX/UI Designer | Vodafone

MAR 2020 - DEC 2022, LONDON, UK

- Designed high-fidelity interfaces and experiences for Secure Net using **Figma**, **Sketch**, **Adobe Photoshop** and **Illustrator**. Secure Net serves 20+ million customers across 10 markets.
- Collaborated with a cross-functional product team to redesign and launch Vodafone Secure Net, resulting in a 0.8 - 1.2 star increase in app store ratings.
- Produced interactive prototypes to validate designs, ensuring usability and alignment with customer needs.

UI Designer | Sky

JAN 2015 - NOV 2019, LONDON, UK

- Designed visual solutions for Sky Store, Sky+, Sky Q, and Sky Go serving millions of users across Europe.
- Led the design for the Cinema experience in the Sky Kids App, resulting in 11% growth in user interactions.

EDUCATION

BrainStation | Diploma of Education, Software Engineering

JAN 2023 - APR 2023, LONDON, UK

Brunel University | BSc Hons, Multimedia Technology & Design

- Awarded the Brunel Excellence Scholarship.
- Final year project selected for Brunel's "Made In Brunel" exhibition.

Leyton Sixth Form College | BTEC National Diploma in Computing
